

Pipe Cover: 9008331005 (TH-PC03)

INSTALLATION INSTRUCTIONS

NOTE: This pipe cover is for the 240 Models (T-H3J-DV/OS), 340 Models (T-H3S-DV/OS), and 540 Models (T-H3-DV/OS).

Items Included: Please ensure that your pipe cover includes the followings:

① Top cover (Qty: 1)	④ Bottom cover (Qty: 1)	⑦ Cover fixing plate (Qty: 1)	⑩ Wall anchors (Qty: 2)
② Right side cover (Qty: 1)	⑤ Wall fixing plate (Qty: 1)	⑧ Short Screws (Qty: 8)	⑪ Cover fixing plate for left side (Qty: 1)
③ Left side cover (Qty: 1)	⑥ Front cover with cosmetic screws (Qty: 1)	⑨ Long screws (Qty: 2)	⑫ Cover fixing plate for right side (Qty: 1)
			⑬ Installation instructions (Qty: 1)

Installation:

1. Insert the top cover① into the right side cover② and the left side cover③, and then fix them using the short screws ⑧.(Fig.1)
2. Insert the bottom cover④ into the right side cover② and the left side cover③, and then fix them using the short screws⑧.(Fig.4)
3. Fix the right side cover② and the left side cover③ to the wall fixing plate⑤ using the short screws⑧.(Fig.2, 4)

Fig. 1

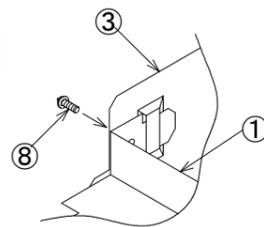

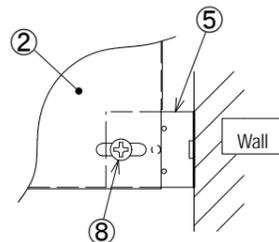

Fig. 2

4. Make screw holes (diameter $\phi 5/16$ ", with depth more than 1.6") using a drill to the wall and hammer the wall anchors⑩ into the screw holes. (If needed). (Fig.4)
5. Remove two screws on the bottom of the water heater. Attach the cover fixing plates⑪⑫ to the bottom of the water heater using the removed screws. **Refer to the Fig 3-1 and 3-2.**

Fig. 3-1

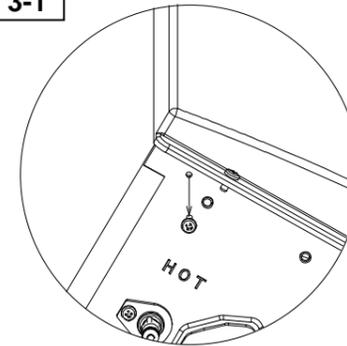

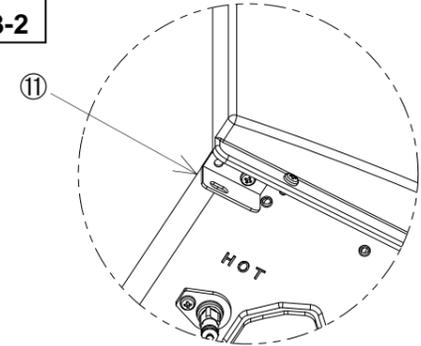

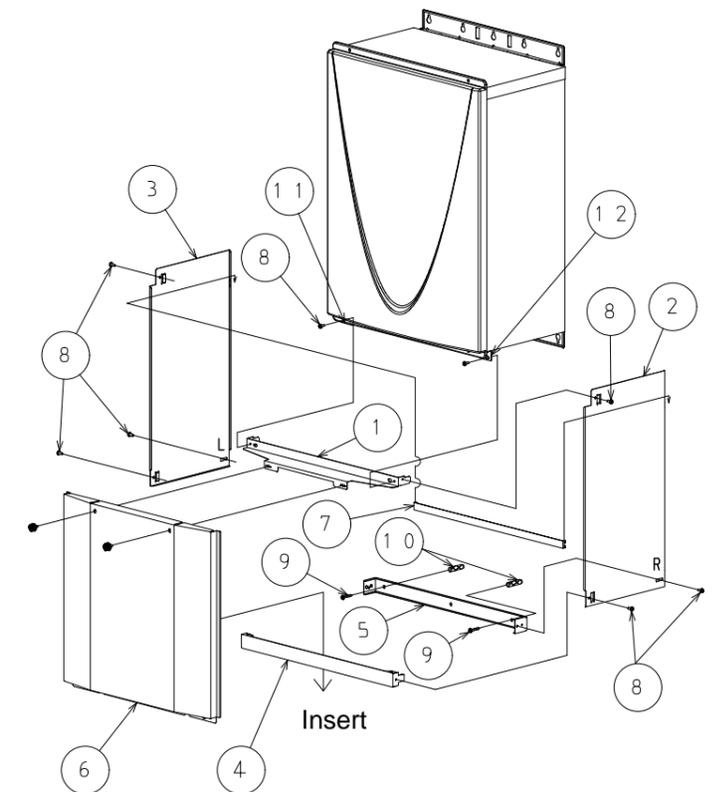

Fig. 3-2

6. Fix the pipe cover assembled (the procedure 1 to 5) to the water heater using the short screws⑧ and the long screws⑨. (Fig.4)
7. Insert the cover fixing plate⑦ into the right side cover② and the left side cover③. (Fig.4)
8. Be sure to place the front cover⑥ on the pipe cover assembly. Check that the bottom of the front cover is inserted into the inside of the pipe cover assembly. Finally fix them with the cosmetic screws. (Fig.4)
